

We're excited to announce our Platinum Fit NOLA School designation!

Mayor Mitch Landrieu's Fit NOLA initiative created a program for schools to celebrate the health and wellness achievements of students and staff. The program allows schools to further connect with local resources focused on physical and nutritional activity.

We are committed to creating a healthy environment for everyone that enters our school grounds.

Thank you to the students, staff and our dedicated parents for creating a culture of health.

Lake Forest Charter School's Health Initiatives:

- Physical activity allowed in the classroom
